PROPOSED DEFINITIONS FOR GRA REPORTS

Geographic Intelligence Report (CIA/RR GR)

A standard-format publication resulting from major research on a geographic intelligence subject. A formal report. Standard distribution.

Geographic Intelligence Memorandum (CIA/RR GM)

A special-format geographic study that is brief, timely, and interpretative. Standard distribution.

Geographic Support Study (CIA/RR GS)

A substantive geographic analysis oriented toward a particular problem usually in response to a request. Ad hoc distribution.

Geographic Support Project (CIA/RR GP)

A geographic research project conducted in support of map production. Ad hoc distribution.

Geographic Support Brief (CIA/RR GB)

A brief geographic statement, working paper, or technical report produced to meet a specific need. Ad hoc distribution.

Geographic Research Aid (CIA/RR A.GRA)

A compilation of systematically arranged geographic data for ready reference use by research analysts. Standard distribution.

~~SECRET~~

Weekly Acquisition List of Maps for Foreign Areas (CIA/RR N.MW)

A list of unclassified maps received by the mapping and charting components of Air Force, Army, CIA, Commerce, Interior, Library of Congress, National Security Agency, and Navy. Arranged by geographic area. Standard distribution.

Monthly Acquisition List of Maps for Foreign Areas (CIA/RR N.MM)

A list of classified maps acquired by the CIA Map Library, including those produced by CIA. Arranged by major geographic area. Standard distribution.

Map Notice (CIA/RR N.M)

A one-sheet announcement of a new or recently acquired map or map series of particular significance. Standard distribution.
